

STEP 1 - GET YOUR DUCKS IN A ROW

Remove all items from the carrying case and layout as shown.

STEP 2 - HOLD TIGHT

Grabbing the square base and the mounting insert, unscrew the bolt from the mounting pole and the washer.

STEP 3 - SETUP THE BASE

Insert the screw end into the square base and slide on the washer and the bolt over the screw and tighten.

STEP 4 - POLE POSITION

Starting with the largest pole containing the stretchable string, insert the Silver end into the next largest poles. Close off end and repeat for other poles. Close off end into the open end of the last pole.

STEP 5 - MOUNT THE GRAPHIC

After the pole has been assembled, slide the pole through the graphic's pole insert all the way through.

STEP 6 - LINE THEM UP

Insert the bottom end of the flag over the mounting pole.

STEP 7 - TIE IT OFF

Grab the stretchable string and string it through the ring on the pole and tie it down through the grommets on the bottom of the graphic until graphic is pulled tight.

STEP 8 - RAISE IT UP

Position the Flag where you would to have the most visibility.
