

**DEMO HARDSHELL CASE #4796**

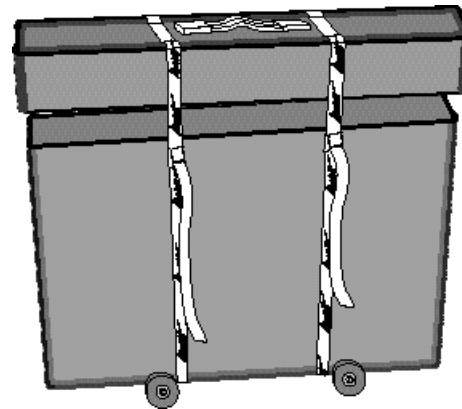

The Hardshell Cases are manufactured from polypropylene with an internal cardboard box, two straps and a durable soft rubber handle. We recommend this case when shipping your DEMO display by a common carrier.

70cm x 100cm - 6 frames maximum

**MAXIBIT PORTFOLIO CASE #8210**

The lid covers the long side of the case and is held in place with two straps that wrap around the whole case. The Maxibit Hardshell Portfolio Case is also blue and lined with a cardboard box but this case comes with wheels. The case is designed to carry four 70 x 100 Frames and therefore has external dimensions of 31.5" high (includes wheels) x 43" long and 5" thick (7" at the wheels). The weight of the case (including box) is approximately 6.8 kgs. or 15 lbs.

**GORILLA CASE #8200**

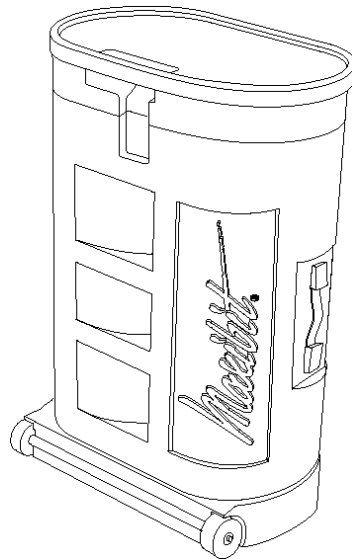

Durable blue plastic case with heavy duty wheels and straps attached. Expandable up to 12" inside (subject to safe packaging). 43" long x 31.5" high (34" with wheels) x 12" to 14" wide

**MAXIBIT ALL-IN-ONE CASE #6200**

Durable Black plastic case to store a complete Network display including lights, cords, power bars, brochure pockets, literature etc. Comes with molded in wheels, key locking latches and side handle.

23.5" wide x 15.5" deep (17" with wheels) x 38" high

**TRADESHOW ACCESSORY CASE #8220**

Durable blue plastic case to store lights, cords, power bars, brochure pockets, literature etc. Comes with molded in wheels, nylon pull strap and velcro closure straps.

11.5" wide x 32" long x 14" expandable (17.5" with wheels)
